Third-party contributions

Foglight for Databases incorporates many third-party components. This topic includes information about these third-party contributions and helps Quest meet legal requirements.

The matrix on this page lists each third-party component that Quest is required to acknowledge in product documentation or in-product help.

- In the *Component* column of the matrix, list the third-party components incorporated by Foglight for Databases. Each component name that is followed by an asterisk (*) has source code available at <https://opensource.quest.com>.
- In the *License* column of the matrix, the license used by each component is listed.
- In the *Notes* column of the matrix, required copyright notices for any component is included.
